YEAR ENDING MARCH 1

1893

TOWN WARRANT.

STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Plymouth in the
[L. S.] *County of Grafton, in said State, qualified to*
vote in Town Affairs:

YOU are hereby notified to meet at the Town Hall in said Plymouth, on the second Tuesday of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator to preside in said meeting.
2. To choose all necessary Town Officers for the year ensuing.
3. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same, including free text and other supplies for the public schools.
4. To see what sum of money the town will vote to raise or appropriate for decorating soldiers' graves.
5. To see if the town will vote to raise the highway tax in money, and how much, and in what way it shall be expended.
6. To see what sum of money the town will vote to raise or appropriate to pay Firemen.
7. To see what sum of money the town will vote to raise or appropriate for the benefit of the Young Ladies Library Association of Plymouth, to be expended by the officers thereof, for the maintenance of their Public Library in said town.

8. To see if the town will vote to locate an electric arc light in front of the Pemigewasset House and what sum of money will vote to raise or appropriate to maintain the same.

9. To see what sum of money the town will vote to raise or appropriate for the care and improvement of the town cemetery.

10. To see if the town will vote to have the suit of Mary E. Merrill now pending in the Supreme Court against the town, tried by the court instead of by a jury.

11. To see if the town will vote to authorize the Selectmen to borrow money to pay the debts of the town and give notes for the same, countersigned by the Town Treasurer.

12. To see what sum of money the town will vote to appropriate for school purposes.

13. To see if the town will elect a board of Library Trustees and appropriate the money necessary to secure the gift of one hundred dollars worth of books from the state.

Given under our hands and seal, this 25th day of February, in the year of our Lord eighteen hundred and ninety-three.

All of which have been paid out of general funds, in town treasury.

The entire debt of school district No. 2, has been paid during the year, for which a tax of \$1,180 was raised.

The cost of police service has been reduced from a cost of \$411.00 in 1891 to \$288.50 in 1892, or after deducting fees and fines received in each year, the cost in 1891 was \$291.88 and in 1892, \$181.26.

The amount of highway tax of 1892 was less than that of 1891 by \$1,164.98. Yet your board of surveyors have maintained your highways and streets in good condition and made some permanent improvements, with an amount from treasury less than this difference. In our judgement the roads can be well taken care of and gradually improved, upon a tax of 1-2 per cent., but not less.

Respectfully submitted.

REPORT OF HIGHWAY SURVEYORS.

On account of the small amount of money raised the past year, for the purpose of repairing, improving and maintaining our highways, certain improvements that ought at least to have been begun, were necessarily postponed to another year.

With the most careful economy, there has been expended in district No. 2, \$130.58 and in the outlying districts \$800.22 more than was appropriated. Quite a large per cent. of this excess was caused by the repeated heavy snow falls in February.

The repairs to Court street, aside from the paving, cost \$26.00. The paving of the gutters on Court street cost \$264.50. This entire expense was made necessary by the damage to this street in July, by heavy showers.

The widening of Main street, opposite Fox's store, building the embankment and turfing the same, cost \$227.63.

For the iron railing opposite Fox's store and extending south to the house occupied by George Edmonds, there was paid \$148.83. This sum also includes the cost of the iron railing near the Library Building.

The iron railing on Summer street, cost \$16.85.

For the building of Bayley street, there was paid \$29.00.

Repairs on Mill and Winter streets, cost \$184.00. On Winter street a large amount of clay and merl was removed from the roadbed and replaced with gravel.

Thurlow street was practically rebuilt at an expense of \$76.25.

For hauling gravel on to North Main and South Main streets, there was paid \$80.25.

For labor on Russell street, there was paid \$29.00

There was expended on the sidewalks in District No. 2,

\$246.75 and this amount would have been doubled, had it not been for the lack of funds.

The shade trees on nearly all the streets in the Village were trimmed at an expense of \$49.00. This is an improvement that seems to have commended itself to the tax payers and did not cost much.

In district No. 1, there was raised for highway purposes, \$63.04 and there was paid out, \$240.40. This extra expense was largely caused by building a section of macadamized road near the Toby house, so called.

The amount standing to the credit of this department, as per last report,		\$ 512 57

THE BOARD OF HEALTH

Respectfully submit the following :

Our town has been remarkably fortunate for the past year. We have had but one or two cases of sickness which could have been caused by bad sanitary surroundings. The Board have acted upon every complaint and have abated all nuisances that have been reported.

We would again call the attention of the Town Authorities to the bad condition of the outlet to the sewer through the railroad yard and which should be attended to in the early spring. There has been complaint relative to the condition of the sewer traps. On investigation it would appear that there is more or less sewer gas escaping through them, in close proximity to several of our dwelling houses. In some of these cases, at times, the odor from them is a public nuisance and this also should be attended to by the authorities.

During the past year the grade around the reservoir has been raised and the whole properly fenced. On the whole, we believe the healthfulness of the town will compare with any town in the State or in New England.

Respectfully submitted,

J. P. HUCKINS,	} Board of Health.

A. GEO. AMSDEN,		

FIREWARDS.

The history of the fire department this year is simply one disastrous fire, two other calls of minor importance, one needless alarm and worst of all, a false alarm. The conduct of the firemen of all grades has been admirable, for promptness and general effectiveness, when fighting fire. The drills have in our opinion been better than usual in the past year.

The fire-alarm system has been extended the past year to seven boxes. The hydrants have claimed considerable attention in the way of repairs, as well as expense. Much more is needed in this line of work immediately, in order to keep many of them from leaking or freezing in mid-winter. Experience teaches that there ought to be a gate to shut each hydrant off from the main pipe; also every hydrant should have a drain laid to the sewer, in order to take away the drainage, leakage, or ground-water and prevent water from standing in the hydrants; otherwise they become frozen and consequently useless, in case of fire. All the present methods of banking up a hydrant have proved ineffectual the past winter.

The last fire proved clearly the necessity of having a Bangor ladder. If the District neglects to provide one at an early date, we shall sometime see cause to regret the want of it when it is too late, and when property and possibly lives are lost in consequence. Also something in the way of paint should be provided for the Hose House, at least, for looks sake, if for nothing more. We feel that this village has good reason to feel proud that every fire for many years

past has been put out within the building in which it started, and no building has been completely burned for almost eight years.

Respectfully submitted,

JOHN KENISTON, FRANK H. CHICK, A. GEORGE AMSDEN,	}	Firewards.
